The worthy matron announced the death of Mrs. Lola Julian. Approprite music was rendered by the choir.

In accordance with previous announce ment the regular meeting of William F Hunt Chapter, No. 16, Thursday, was almost entirely given over to amusing those present. The entertainment was furnished by the ladies of the chapter, headed by Mrs. Helen E. Barnard, who had prepared a program consisting of a travesty on the suffrage movement, in which she was ably assisted by Mrs. Viola E. Bennett and a number of others. The shafts and quips of those partici-pating seemed to be much enjoyed. After the "suffragists" had concluded, a "move ment" was made to the banquet hall. where refreshments were served. The chapter has arranged to give a theater party in the near future at the Columbia Theater. At the beginning of the evening the secretary announced several petitions, and the worthy matron later stated there would be work at the meeting May 8, on which occasion the fraternity was invited to attend.

Martha Chapter, No. 4, has arranged at ts next meeting to have the degrees conferred by the officers of the Grand Chapter. Worthy Matron Mrs. Lillie McKenzie and her officers have been untiring in their efforts to keep up the enthusiasm which exists in the charger, and many nice things have been said of the minstrel show given under its auspices at visitation. Speakers of prominence will Odd Fellows Hall Thursday evening, a complete account of which was published in The Star at the time.

This is the Many people who build houses, barns Many people who build houses, barns and other buildings do not understand the fundamental rule that there is more space in a square building than in a long one, and that the further they depart Falconer gave a recitation. Other selecfrom the square form the more their building will cost in proportion to its

For instance, a building 20 by 20 feet require 80 feet of wall, while one 10 by 40 feet will, with the same floor space, require 100 feet of wall. Accordingly,

for the longer building. his associate Grand Lodge officers paid In many cases, of course, there are objections to having a building square. The longer building, for instance, gives more still more economical than a square one, and after several recalls gave "Mammy's lodge to have a membership of 106, with assets of \$7,760. All of the Sebastian and Grand Trustees T. E. Landon and E. Lodge Hill. All of the portion to its exposed surface than any eighteen lodges in the domain were repother possible form of construction.

J. L. Dean, a Maine former, has built minor; Etude in A flat, all by Chopin; and Gavotte, by Popper, in finished style. Miss Rider played the sonata, opus 103, No. 3, by Beethoven; Prelude in B flat minor; Etude in A flat, all by Chopin; the exception of Grand Outer Guard ception of three. Both military com- a barn on this principle. He thinks it is intermezzo from first suite for orchestra panies were represented in large numbers. Past Grand Chancellors G. W. Haley, J. B. Conner and G. Frank Day man some years ago built himself a round and the "Blue Danube Arabesque," by house, thinking to save money, but theory was decorated with palms and cut is one thing and practice is another and flowers, and addresses were delivered by his house was a poor investment. The reason why all buildings are constructed on rectangular lines is that experience has proved them to be more economical. The circular form of construction involves a vast additional amount of work in the framing and there is also of the work of the Orphans' Home in a big waste of material. What is gained in room is many times more than made up in the increased cost

of labor. Builders find that a circular porch on a house will cost double what a rectangular one would cost. Farmers build circular silos and they are economical, but they are built on the prinpreme Representative J. B. Conner, who ciple of a tank or barrel, and this prin-Federal City Lodge, No. 20, proposes to presented a tribute to Grand Lecturer ciple does not apply to houses, barns and
